

CASE STUDY

JCW Floor Screeding - Shopfitting

Mall Area in Bolton Market Place

The scheme will include a 30,000 sq ft nine-screen cinema complex, which has been innovatively designed to give Bolton an exciting and 21st century cinema experience. Building work will also include renovations to the existing malls and the installation of additional escalators and lifts.

Also the Victorian vaults under the shopping centre will be restored to create new restaurant, bar and retail spaces. Construction is expected to reach completion in spring 2015 following an approximately 44-week build programme.

Floor Screeding

**M² Area:
200m²**
