

CASE STUDY

JCW Floor Screeding - Mainbuild

St Hilda's School, Liverpool

Plans for the £16m St Hilda's school rebuild were given the go ahead.

The new South Liverpool school will cater for 850 pupils, more than double the number who are currently crammed into the 1960s blocks on the site.

The present school building will be demolished and used for games pitches, a sports hall and a car park.
